

HOTEL AGREEMENTS FOR THE NAPLES SHIPPING WEEK

Please note that reservations are to be made independently by contacting the facilities directly or via their websites

SMART HOTEL NAPOLI (<https://www.smarthotelnapoli.com/en/>)

The promo code "**ShippingWeek**" has been reactivated, giving you the possibility to book autonomously and, after entering it during the availability search on www.smarthotelnapoli.com/en/, before clicking on "Check availability", allows you to obtain a special dedicated offer compared to the online rate at the time of booking, with discounts of up to 30% (depending on the period), freely choosing the cancellation policy between refundable (standard) or non-refundable, by inserting a credit/debit card on which the charge will be made, in accordance with the chosen cancellation policy.

Availability and rates are subject to variations. Entering the code does not guarantee the availability of rooms if the hotel is fully booked and/or there is no availability online.

In the event that double rooms for single use are sold out, any remaining room types and categories can still be booked.
